LEARNING AND ASSESSMENT

TRAINING AND ASSESSMENT STANDARDS

The ICE has personnel with appropriate qualifications and experience to deliver the training and facilitate the assessment relevant to the training products offered.

Assessment will meet the Principles of Assessment including recognition of prior learning and credit transfer. The ICE adheres rigidly to the standards contained in the Code of Conduct for Assessors. Adequate training materials and physical resources are utilised to ensure the learning outcomes of the training product can be achieved. Appeals procedures are in place for students who are not satisfied with assessment or training. All assessment processes are valid, reliable, flexible and fair.

Students are advised of assessment requirements before training commences.

QUALIFICATIONS TO BE ISSUED

Students completing all assessment requirements for a qualification will be awarded a Certificate corresponding to the completed course. Students completing assessment requirements for part of a qualification will be awarded a Statement of Attainment indicating which units of competency they have completed.

Replacement copies of Certificates and Statements of Attainment are available upon request.

COMPETENCIES TO BE ACHIEVED DURING TRAINING

Competencies to be achieved during training are detailed in individual course brochures or on the student's Training Plan.

Delivered qualifications by ICE are suitable for an Australian Apprenticeship pathway.

Pathways from the qualification: After achieving SIT20416 Certificate II in Kitchen Operations, individuals could progress to SIT30816 Certificate III in Commercial Cookery qualifications in commercial cookery, patisserie and catering operations.

After achieving SIT30816 Certificate III in Commercial Cookery, individuals could progress to SIT40516 Certificate IV in Commercial Cookery, SIT40616 Certificate IV in Catering Operations, SIT40716 Certificate IV in Patisserie, or SIT50416 Diploma of Hospitality Management.

ASSESSMENT PROCEDURES

The ICE applies the principles of fairness, flexibility, validity and reliability in all assessments. The objective of assessment is for the student to show that they have achieved the unit's competencies. Students may be assessed by one or more of the following methods:

- **Observation** – the completion of a specified task or set of procedures normally performed under close supervision, using a detailed checklist.
- **Oral questioning** – a response is provided to a series of questions presented in order to demonstrate understanding of principles or reasoning behind the action taken.
- **Case study** – an opportunity to display problem solving and decision making skills is provided in a simulated context.
- **Multiple choice** – a question or incomplete statement followed by several options [usually 4 – 5] from which the trainee selects the appropriate answer/s.
- **Written short answer** – a written response item consisting of a question/s with answers of a single word, a few words, a sentence, or a paragraph.
- **Project** – an exercise or investigation based on a real life situation, generally requiring a significant part of the work being carried out without supervision, and involving the completion of a project report.
- **Or any other method outlined in the course information or Training Plan**

Students will be advised of the assessment methodology before training commences.

RESUBMISSION OR RE-ASSESSMENT

RESUBMISSION: Further evidence for assessment might be required if the student has partially completed the assessments and some of the work/assignments. Assessments can be corrected or completed for resubmission. For initial submission, the student must participate in learning and classroom activities and undertake the given assessment tasks. Resubmission is an informal process and can be arranged between student and training/assessor through mutual understanding. Trainers/Assessors may allow up to two resubmission attempts before deciding the next step.

REASSESSMENT: If a student does not qualify for resubmission, or is still deemed Not Yet Competent (NYC) after the resubmission, they will need to go through the reassessment process. To qualify for reassessment the student must have completed and submitted the required assessments for the unit of competency as per the unit assessment schedule.

Students have the right to appeal the assessment outcome using the [appeals process](#).

LANGUAGE, LITERACY AND NUMERACY

Sometimes people have trouble with their language, literacy (reading and writing), and numeracy skills in their training program. These skills are also called 'LLN' and problems may include not being able to read and/or write well enough to complete your study, not understanding enough English to communicate well, or not being able to do any maths that may be needed for your training or job.

The Institute of Culinary Excellence will determine the support needs of individual learners and recommend and/or provide additional educational and support services necessary for the individual learner to meet the requirements of the training product as specified in training packages or VET accredited courses.

It may be necessary to undertake a short course before or during your training to help build up your literacy, language and/or numeracy skills you need to be able to complete your qualification. The Reading Writing Hotline has a provider search page you can use to find an organisation in your area who can offer support for you to build these skills.

Reading Writing Hotline - this organisation has been around for many years, and their website has some great resources to improve reading and writing. Their number is: 1300 655 506 and the website is: www.readingwritinghotline.edu.au

Alternatively TAFE Queensland offer a few different English Language and Literacy Services. Their phone number is: 1300 308 233.

RECOGNITION OF PRIOR LEARNING (RPL) AND CREDIT TRANSFER

RPL

Definition Recognition of Prior Learning is the formal acknowledgement of skills, knowledge and attitudes held as a result of education and training, work experience and/or life experience.

Recognition of Prior Learning is structured to minimise the cost and time to applicants whilst retaining the integrity required by the VET Quality Framework to recognize competencies in accordance with the requirements of Training Packages.

Evidence for credit of prior learning may include:

- Evidence of current competence;
- Performance, demonstration, or skills test;
- Workplace or other pertinent observation;
- Oral presentation;
- Portfolio, logbook, task book, projects or assignments;
- Written presentation;
- Interview;
- Simulations.

It is accepted that RPL is an assessment of an individual's current knowledge, skills and attitudes even though the evidence produced in support of the claim for recognition may be drawn from the past. It is up to the Institute of Culinary Excellence RPL assessor to judge whether the evidence produced demonstrates current knowledge, skills and attitudes.

What you need to do...

RPL applications are made using the application form. The form should be completed and forwarded to the trainer / assessor together with any required fees. A copy of the application form will be placed on your file.

For advice on how to complete the RPL Application form and gathering reliable evidence, contact your allocated trainer / assessor.

The ICE staff will assess completed RPL applications and students will be advised promptly of the decision. Further information or an interview with the student may be required before evaluation of the application is completed.

The completed RPL record must be signed by the student and assessor. RPL application documentation, assessment processes and outcomes will be placed in your student file.

Granting of RPL will be recorded as a unit of competency outcome in your students record. After RPL is granted your training plan will be reviewed and modified to ensure consistency of outcomes against the qualification.

Students have the right to appeal an RPL decision using the [appeals process](#).

CREDIT TRANSFER

Definition exempting a student from enrolling in and being assessed in a unit or units because they have been granted recognition for having completed the identical or equivalent unit or units at another RTO.

The qualifications and Statements of Attainment issued by any other RTO must be recognised. Recognition means that students will be granted exemptions in a course as a consequence of having completed the same equivalent unit(s) with another RTO. Credit Transfer is different from Recognition of Prior Learning.

Applicants for credit transfer must provide a copy of a Statement of Attainment or Transcript and submit the application to the enrolling officer.

The enrolling officer will check the Statement of Attainment or Transcript and grant credit transfers for equivalent units that have been identified as being completed at another RTO. Verified copies of Qualifications and Statements of Attainment used as the basis for granting Credit Transfers must be kept on the student files. Granting of credit transfer must be recorded as a unit of competency outcome in the students record.

GUIDELINES FOR PARTICIPATION IN SOCIAL MEDIA

These guidelines apply to The Institute of Culinary Excellence students who create or contribute to blogs, wikis, social networks, virtual worlds, or any other kind of Social Media. Whether you log into Twitter, Instagram Wikipedia Facebook or any other social media outlet or comment on online media stories — these guidelines are for you.

While all The ICE students are welcome to participate in Social Media, we expect everyone who participates in online commentary to understand and to follow these simple but important guidelines. These rules might sound strict and contain a bit of legal-sounding jargon but please keep in mind that our overall goal is simple: to participate online in a respectful, relevant way that protects our reputation and of course follows the letter and spirit of the law.

1. Be transparent and state that you are a student of Institute of Culinary Excellence. Your honesty will be noted in the Social Media environment. If you are writing about Institute of Culinary Excellence use your real name, identify that you are a student of the Institute, and be clear about your role. If you have a vested interest in what you are discussing, be the first to say so.
2. Never represent yourself or Institute of Culinary Excellence in a false or misleading way. All statements must be true and not misleading; all claims must be substantiated.
3. Post meaningful, respectful comments — in other words, please no spam and no remarks that are off-topic or offensive.

4. Use common sense and common courtesy: for example, it's best to ask permission to publish or report on conversations that are meant to be private or internal to Institute of Culinary Excellence. Make sure your efforts to be transparent don't violate Institute of Culinary Excellence's privacy, confidentiality, and legal guidelines for external commercial speech.
5. Stick to your area of expertise and do feel free to provide unique, individual perspectives on non-confidential activities at Institute of Culinary Excellence.
6. When disagreeing with others' opinions, keep it appropriate and polite. If you find yourself in a situation online that looks as if it's becoming antagonistic, do not get overly defensive and do not disengage from the conversation abruptly: feel free to ask the Managing Director for advice and/or to disengage from the dialogue in a polite manner that reflects well on Institute of Culinary Excellence.
7. Never participate in Social Media when the topic being discussed may be considered a crisis situation. Even anonymous comments may be traced back to your or Institute of Culinary Excellence's IP address. Refer all Social Media activity around crisis topics to Managing Director or your Trainer / Assessor.
8. Be smart about protecting yourself, your privacy, and Institute of Culinary Excellence's confidential information. What you publish is widely accessible and will be around for a long time, so consider the content carefully. Google has a long memory.

UNIQUE STUDENT IDENTIFIER

ICE's Admission Department is responsible for the management of the student identifier validation process to ensure only students who have a valid USI are issued qualifications and/or Statements of Attainment.

Before you start work, ensure you have the following reference material:

The USI applies to new students, pre-enrolled students, continuing students and school students participating in nationally recognised accredited training. The USI scheme will require Admissions Department to:

Collect a USI from each student:

- Verify a USI supplied by a student or apply for a USI on behalf of the student.
- Ensure a student has a valid USI before conferring a qualification or Statement of Attainment on that student;
- Ensure the security of USIs and related documentation.

For New Students

ICE Administration (with the student's permission), can apply for a USI on behalf of the students.

Where ICE has applied for the USI on behalf of the student and has received the number directly from the Student Identifiers system that USI is taken to have been verified.

If ICE has been given the USI by the individual, Administration will verify that USI through our student management system or through the USI Registration system.

Applying for a USI requires a Form of Identification. When a student (or ICE on their behalf) applies for a USI, they will be required to supply information from a form of Identification (ID). The *Document Verification Service* used by the USI System, accepts any one of the following valid Australian forms of ID:

- Driver's Licence;
- Medicare Card;
- Australian Passport;
- Visa (with Non-Australian Passport)
- Birth Certificate (Australian);
- Certificate Of Registration By Descent;
- Citizenship Certificate.

In instances where a student does not have access to one of the above forms of ID, or where information from that ID document is not accepted by the *Document Verification Service*; you are required to contact the USI Registrar.

Managing the USI Account

Changes to the details of the account with the exception of a change of address, need a form of identification and the student's permission.

A *Forgotten* function allows searches for existing USI's. Students with existing USI's or who have applied for a USI themselves must present the USI for verification.

Storage, disclosure, use and security of the USI must adhere to the rules relating to the USI: <http://www.usi.gov.au/Training-Organisations/Pages/organisation-privacy.aspx>

Examples include: The USI must not appear on a legal document.

2. Where the issue or behaviour continues, students will be invited for a personal interview with the RTO Manager to discuss this issue further. This meeting and its outcomes will be documented, signed by all parties and included on the student's personal file.
3. Should the issue or behaviour continue, the student will be provided with a final warning in writing and a time frame in which to rectify the issue. A copy of this letter will be included on the student's personal file.

After the three steps in the discipline procedure have been followed, should the issue or behaviour still continue, training services will be withdrawn and the student will be notified in writing that their enrolment has been terminated. At any stage of this procedure students are able to access the Complaints Procedure to settle any disputes that may arise.
